Mobile Scaffold Comparison

Mobile Scaffolds generally all look similar to each other. However, this is not the case and it's important you choose the right scaffold for your task. The points below will help you decide which scaffold will work best for you. And please ring us if you're still not sure.

Features		Trade (Easy Access Co)	Industrial (Equiptec)
Used by Hire Companies?	(If a system is used by Hire companies, it means you won't have issues with general wear'n'tear - it's a long term solution)	✗	✓
Replaceable graspers	(If a brace gets dropped, the graspers could break. Being replaceable means that you save money in long term)	✗	✓
Extra parts available for Hire?	(Hiring extra parts for that 1-off job, means that you save money by not purchasing)	✗	✓
Cost of Maintenance?		Med	Low
Spare Parts available	(A key consideration if your purchase is for long term, not important if it's a short term purchase)	✓	✓
Warranty?		2 Years	5 Years
In Stock?		✗✓	✓
Est Value after 3 years?	(% of purchase $)	30%	70%
Price Range		$2000 – 4000	$2200 – 5500
